NOT YET A 2:00 HORSE.

John R. Gentry Fails to Lower the Record at Terre Haute.

Terre Haute, Ind., Oct. 21.—The 3,000 persons who were at the track, and all the remainder of the population of Terre Haute, are sadly disappointed because John R. Gentry failed to make the two-minute record, and thereby add one more world's record to the long list made on this track. Gentry made three-quarters in almost a 2:00-gait, but tired and finished the mile in 2:04½.

The first quarter was made in :31¼, and then the speed increased. Around the turn into the back stretch he began facing the north wind, which was cold, but not strong. This quarter was made in :29¼, and when the horsemen found that the half-mile had been made in 1:01½ they believed the record was to be made, especially as from there on Gentry would have the wind helping him along. He was at the three-quarters in 1:30½, but an eighth of a mile farther he began to tire, and as he came down the stretch it was seen that he was steadily losing speed. The last quarter was in 34 seconds, a 2:16 gait.

Chicago Is Supreme.

Chicago, Oct. 21.—Proof of Chicago's supremacy over all other cities in the United States in point of population was recorded yesterday at the final period for the registration of voters. New York as it is now constituted claims a male population of 1,750,000, and up to date the best that the political parties and non-partisan boomers have been able to register is over 54,000 short of the number enrolled in Chicago, including the last day's registration. In three days New York gathered 331,180 names, whereas Chicago has accumulated nearly 400,000 names of legal voters.

New Sensation in Kentucky.

Frankfort, Ky., Oct. 21.—It is said that the gold democratic representatives who wish to give Senator Blackburn a back seat, and the Hunter republicans who are at odds with Gov. Bradley, have entered into a combination to elect Hunter to the senate at the special session to be called this winter, thus disposing of Blackburn and Bradley at the same time. If such a fight be started the scenes of last winter's session may be re-enacted, and the coming session be the most renowned in the history of Kentucky politics.

Oakland Reservoir Breaks.

Oakland, Cal., Oct. 21.—The big distributing reservoir of the Oakland Water company broke its walls Tuesday, and 2,000,000 gallons of water was let loose with a rush. A wall of water seven feet high tore down Oakland avenue, but beyond flooding the streets in the vicinity, no great damage was done. The officials of the water company contend that the walls of the reservoir were blown up by dynamite by malicious persons.

Washington, Oct. 21.—A comparative statement of the receipts from internal revenue shows the total receipts for September were \$12,099,130, a slight gain over September, 1895. For the three months ended Sept. 30, 1896, the receipts amounted to \$37,794,887, a gain of \$50,000. TOUR OF GEN. HARRISON.

Large Crowds of Indiana Voters Hear the Ex-President.

Indianapolis, Ind., Oct. 21.—General Benjamin Harrison left Indianapolis at 9 o'clock Tuesday morning for the Indianapolis and Vincennes road on his first Indiana speaking trip. The first stop was at the Belt crossing in West Indianapolis. About 500 people demanded a speech and Gen. Harrison spoke briefly. The first scheduled stop was Mooreville. Here a great crowd had congregated. At Martinsville, Gen. Harrison spoke from the stand which had been erected near the railroad. At Spencer there was a great demonstration when Gen. Harrison discussed the powers of federal courts, and his remarks were enthusiastically cheered. At Worthington he spoke for thirty minutes. At Edwardsport he spoke briefly. At Bushrod he addressed several hundred miners who had gathered. At Vincennes the silver question was the topic. The demonstration of the day was at Princeton. Leaving the train Gen. Harrison was escorted to the fair grounds, where 5,000 persons awaited him. At 7:30 o'clock at Evansville a parade was reviewed by Gen. Gov. Altgeld Speaks at the Auditorium in Chicago.

Chicago, Oct. 21.—John P. Altgeld, governor of Illinois, was on the verge of collapse last night. While a shouting, cheering multitude in the Auditorium called lustily for their favorite, Gov. Altgeld sat shuddering in a small dressing room on the stage. Those

about him said it was a chill and overwork—the climax of a tremendous strain of prolonged campaigning. Stimulants, medicine and sympathetic friends seemed to little affect the lethargy that enveloped the state's chief executive. Yet he roused himself and nervily stepped before that great friendly audience, graciously recognized the ovation it gave him, and made a magnificent speech.

Again Asks That Sewall Quit.

Chicago, Oct. 21.—George F. Washburn, who is in charge of the people's party national headquarters in this city, returned from Georgia last night. The result will be made known today.

Reject Watson's Plan.

Atlanta, Ga., Oct. 21.—Tuesday marked the expiration of the five-day period which the populist state central committee gave the democrats in which to decide upon their proposition for a fusion Bryan and Watson ticket made up of seven democratic and six populist electors.

After two hours in conference the democrats declined the fusion proposition on the grounds that it was too arbitrary in terms and intent, and that it utterly ignored and sought to eliminate Mr. Sewall. The committee adopted a resolution calling for a state convention to be held in Atlanta on Nov. 20 to select four democratic candidates for vacant places on the supreme court bench.

C., and Duluth, Minn. No immediate steps were taken toward carrying this resolution into effect owing to the financial condition of the church, but this having materially improved the bishops of the denomination assembled Tuesday at the church mission-house, with Presiding Bishop Williams of Cincinnati in the chair, for the purpose of considering the election of two additional missionary bishops for the jurisdictions referred. In accordance with the usual custom the bishops, in advance of the meeting, decline to make public the names of the candidates to be considered.

SLAIN BY SULTAN'S ORDER.

Kurds Leave No Armenians Alive in the Van District.

London, Oct. 21.—A Berlin dispatch to the Daily News says: "The St. Petersburg Vedomosti gives details of the Van massacre secured from fugitives who have arrived at Elchmiadzin. They declare that no Armenians are left in the Van district. The Kurds, declaring that they were executing the Sultan's will, mercilessly butchered the men, kidnapped the prettiest women and girls, and threw the children into the pits intended for storing corn and buried them alive, in order to save ammunition.

"The adult victims were arranged in rows and were killed, two or three at a single shot. The details of the outrages on the priests and temples and the sacred books and vessels are indescribably revolting."

FEDERATION FORMED BY BADGER LADIES

WOMEN'S CLUBS OF WISCONSIN ORGANIZED.

State Convention Held At the Hotel Pfister, Milwaukee—Janesville and Beloit are Represented By Delegates—The Constitution and By Laws Adopted.

Janesville and Beloit are represented in the Wisconsin State Federation of Women's clubs which was organized at a meeting yesterday of the representatives of the Women's clubs of Wisconsin, held at the Hotel Pfister, Milwaukee. The Rock county delegates present were:

Woman's History Club, Janesville—Mrs. John Winans.
Fortnightly Club Beloit—Mrs. E. F. Hansen, president. Federation of Women's clubs, Beloit, Mrs. W. W. Slesper, president; Mrs. L. R. Farr, delegate Tuesday club, Beloit, Mrs. W. Bill, delegate. West Side Monday club, Beloit, Mrs. A. J. Braige, appointee of president; delegate, Mrs. W. H. Grinnell.

The committee on organization reported the secretary, Mrs. T. H. Brown read the constitutions and by-laws. After some discussion as to the eligibility of city federations to the state federation and as to the amount of the annual dues the following constitution and by-laws was adopted:

Constitution Is Adopted
Art. 1.—This organization shall be called the Wisconsin State Federation of Women's clubs.
Art. 2.—Its object shall be to bring the women's clubs and the city federations of the state into communication for acquaintance and mutual helpfulness.

Art. 3.—Constitutions of clubs applying for membership show that no sectarian or political test is required, and that while distinctly humanitarian in movements may be recognized, their chief purpose is not philanthropic or technical, but social, literary, scientific or artistic culture.

Art. 4.—(a) The general officers shall be a president, a first vice president, a recording secretary, a corresponding secretary, a treasurer, an auditor, and a vice president in each congressional district. (b) The general office of the federation shall, with the chairman of state correspondence of the General Federation, constitute a board of directors, who shall transact the business of the federation. (c) A quorum of the board shall consist of five members.

Art. 5.—(a) The general officers shall be elected biennially at alternate meetings, by ballot. Each officer shall hold office for two years, and shall be ineligible for election to the same office for two consecutive terms. (b) The executive board shall appoint a nominating committee, who shall ascertain the desired nominee of each club in membership and present at the annual meeting two names, the names being authorized nominees, for each office required by the constitution.

Art. 6.—The annual dues for each club shall be \$2, payable in advance at the annual meeting.
Art. 7.—This constitution may be amended at any annual meeting by a majority vote of those present and voting providing notice of such proposed amendment shall have been appended to the call for the meeting, or without such notice, the by-laws may be amended by a unanimous vote.

Text of the By Laws.
The by-laws are as follows:
1. The annual meeting shall be held in the fall, the place and the programme to be arranged by the board of directors.
2. Any club or society desiring to join the state federation must apply through the corresponding secretary, submitting at the same time a copy of the club constitution and by-laws. If admitted to be a member. When admitted it becomes the duty of each to report to the state federation as may be required by the executive board.
3. No two general officers shall be from the same club.
4. The president, corresponding secretary, secretary and treasurer shall make full report at each annual meeting.
5. The board of directors shall have power to fill vacancies that occur between annual meetings.
6. Each club shall be entitled to two delegates, one to be president, or her appointee, to each annual meeting.
7. To secure suitable arrangements for each annual meeting, a local committee from each place of meeting shall be appointed to act in concert with the executive board in arranging for the conduct and general interests of that meeting.
8. "Roberts' Rules of Order" shall be used by the state federation.
9. The by-laws may be amended at any annual meeting by a unanimous vote.

Discussion as to Membership.
After the adoption of the constitution, the chairman invited the delegates present to sign it, whereupon the question arose as to whether the signing of the constitution by a delegate to join the federation. Upon the decision of the chair that it did so a spirited discussion arose. Many of the delegates claimed that being invited to the convention, merely, as they understood, to discuss the matter they were not instructed and therefore could not sign. Then the point was raised that if there were no signers of the constitution there was no federation and if there was no federation no nominating committee could be appointed or officers elected. This brought forth the fact that twenty clubs had sent instructed delegates who were ready to sign the constitution and while this knowledge assured the formation of the federation it raised the question whether the delegates who would not sign were eligible to committee positions or to vote for officers. A spirited discussion, pro and con, lasted for over an hour some of the delegates who did not sign declaring that if they were debarred from all active part in the convention they might as well take the next train for their homes. The matter was finally settled by the chair ruling that all accredited delegates were entitled to places on committees and to voting privileges.

MANTELL COMES FRIDAY NIGHT

Romantic Actor Will Present Monbars to a Janesville Audience.

Concerning Robert Mantell, who will be here Friday night, the Philadelphia Enquirer says:
"Robert Mantell began an engagement last night at the Walnut Street Theatre under auspices assuring crowded houses during the week. He was seen in Louis Nathal's version of 'Monbars,' a play by Adolphe D'Emery, one of the most prolific and effective of modern French dramatists. It deals with the story of the self made man who falls in love with one of the aristocracy of France. Mr. Mantell does clever work as Monbars, and his impersonation is quite picturesque."
"A striking and realistic effect in the first act was produced by representing the cauterization of a wound on the arm of Monbars, inflicted by the teeth of a mad dog. A red-hot poker was used and the flesh smoked and burned under the pressure of the incandescent metal. The illusion was so perfect that the spectator was bewildered and a sympathetic feeling induced hardly surprised exclamations of pain from the interested auditors. Mr. Mantell well support d

BUY IN JANESVILLE THAT ALL MAY GAIN

OUR SELFISH CONSIDERATIONS SHOULD TEACH THIS.

With \$250,000 Worth of Dry Goods to Choose From Here It Would Seem As If Few Purchases Need Be Made In Chicago.

In speaking of home trade last week The Gazette made no attempt to go into details. Reference to a few leading lines however, may be pertinent.

To begin with dry goods. How will Janesville stores meet the demand for variety is shown by the fact that \$250,000 worth of dry goods can be found in stock here at any time of the year. The city is recognized as cloak headquarters for five southern Wisconsin counties and is headquarters for carpets and the finer grades of dress goods as well. Each one of these lines draws trade for every other line and helps to make the town a trading center.

No advance can be made however, when Janesville money goes to Chicago as fast as Green and Jefferson money come here. Mail order department draw thousands of dollars out of Janesville in the course of a season. The mails are full of winter samples and many people will order in Chicago, without having the chance of inspection, goods that could be bought 5 or 10 per cent cheaper here had time been taken to look around. Even this looking around will soon be less of a task for Janesville merchants are coming nearer and nearer to the Chicago standard of attractiveness in pressing store news.

Clothing Men Fare Better.

Clothiers have less cause to complain about Chicago shopping than they had a few years ago. Both custom and ready made clothing is sold considerably cheaper here than in Chicago, as people have come to understand Railroad men who run in and out of Chicago have good chances for comparison and the fact that they are among the best customers of Janesville stores is significant.

As to furnishing goods it takes but one experience with 43 cent shirts or 7 cent collars or \$1.50 hat to convince most men that standard goods at fair prices are better in the long run.

Where Janesville manufacturers are concerned the argument for trading at home are doubly strong. Two shoe factories are turning out footwear that is not surpassed in the country. Janesville millers ship flour to many adjoining towns and are told that Minneapolis makes no better. As long as this standard of excellence is maintained there is every reason why Janesville dollars should stay in Janesville and aid in the payment of Janesville wages.

Selfishness Should Teach.

"People can afford to trade at home through selfishness if for no other reason," said a west side merchant as he finished The Gazette's article on Chicago shopping last Friday. "I'm glad The Gazette put it before them in just that light. Every dollar's worth bought here makes it possible to sell the next dollar's worth on a little smaller margin, or permits us to carry just so much larger a line. It is along the second of those lines that Janesville stores have pushed out during the last few years, but the first line has not been neglected. The variety shown here would do credit to Milwaukee and is often quite as satisfactory for all practical purposes as Chicago can show. The prices average 10 per cent. lower than Chicago prices, in spite of the 'leaders' at great reductions."

A HAPPY WEDDING AT AFTON.
McCrek Eldredge Nuptials—Some Other News of Interest.

Afton, Oct. 21—Leonard J. McCrek and Miss Myrtle M. Eldredge were married at the residence of the bride's parents, Mr. and Mrs. W. H. Eldredge, last Wednesday at high noon. Rev. A. W. Runyan of Beloit, performing the ceremony. About seventy-five relatives and intimate friends of the contracting parties witnessed the nuptial and afterward partook of the bountiful wedding repast. The presents bestowed on the young couple were both numerous and beautiful. Mr. and Mrs. McCrek have taken up their residence here in the village and will be "at home" to their many friends after this week, which is being spent with relatives in Illinois. The non-arrival of M. G. Jeffris, Esq., who was to have been the speaker of the republican rally slated for last Friday evening was a sore disappointment to the large audience which had assembled at Lawton's hall to hear him. Professional duties at Elkhorn detained the Janesville orator. Owing to continued illness, Rev. C. D. Mayhew is still unable to resume his duties at the Baptist church, and the pulpit was occupied last Sunday by P. H. Ralph, of Beloit, who delivered two very interesting discourses. The Baptist Y. P. S. C. E. will be represented at the Christian Endeavor rally, to be held at Shopiere, next Sunday afternoon and evening, by the following delegation, selected last Sunday evening: Mary E. Scott, U. G. Waite, Alice E. Eldredge and Virginia A. Scott. James W. Seales, the genial Chicago & Northwestern agent at this place, smiles these days and declares that the embryo voter, who arrived at his home recently, is for McKinley and protection. Mother and son doing nicely. The next regular meeting of Afton Camp No.

2182, M. W. A. will be held Saturday evening, Nov. 7 instead of Saturday evening, Oct. 31, as the adherents of free silver in this vicinity are desirous of securing the hall for a final rally on the evening last named. S. B. Humphrey transacted business in Chicago last Friday. Miss Myrtle Kellogg, is visiting friends at Elgin, Ill. William Drummond entertained relatives from Evansville Sunday. Mrs. A. M. Blunk returned last week from an extended visit with Illinois relatives. Messrs. Burr and Glenn Tolles, of Evansville, were the guests of their cousin, Willard Tolles Sunday. Frank Blunk is on the sick list at this writing. Miss Lena Thompson, of Beloit, spent Sunday in town as the guest of Miss Mary Scott. M. C. Uehling, of Shopiere, was a caller on Afton friends Saturday.

FAIRFIELD FIRE LOSS IS TOTAL

There Was No Insurance on the Residence That Burned.

Fairfield, Oct. 20—Saturday noon fire broke out in the farm house owned by E. G. Cheesbro and occupied by Jerome Terwilliger. Everything in the chambers was lost but nearly everything on the first floor and in the cellar was saved. The origin of the fire is not known but it is supposed to have caught around a chimney. The house was roofed with iron so the fire smoldered and was under good headway before it was discovered. There was no insurance on either building or household goods. Mr. Cheesbro intends to erect a new house at once. Gus Brodland and Miss Mabel Nelson were married by Rev. C. Hobbs, of Delavan, Oct. 3, 1896. The young couple are well known in this vicinity and have many friends wishing them joy and happiness. Married Sept. 27, Albert Cook to Miss Nettie Grosbeck, of Elkhorn. Mr. Cook has many friends who extend their warmest congratulations. A number of ladies recently tendered Mrs. H. Bowdish a birthday party. The afternoon passed very pleasantly and a sumptuous repast was served. Edward Holmes, of Chicago, was in town a few days last week. Mr. and Mrs. Huffman will occupy the Palmerston place, recently vacated by Mr. and Mrs. H. Bowdish, who have moved to Allen Grove. Our new pastor, Rev. Sherwin, has made a very favorable impression and we trust he may do a good work on this charge. Our outgoing and incoming pastors are the only five-year men in conference. Rev. Sherwin comes here from Omro, Wis. Mrs. G. Hammond, of Emerald Grove, accompanied by her mother, sister and the children were callers at A. D. Clark's, last Wednesday.

SOME GOSSIP FROM THE GROVE

Campaign Social Is Planned—The Rally Was Largely Attended.

Emerald Grove, October 20—On Friday, evening, October 30, there will be held in this place a campaign social. Each party is to be represented. Ladies are asked to furnish eatables. James Phillips of Chicago, was in the village last week. Mrs. Charles Shaw of Footville, visited with Mr. and Mrs. Will Dean. Road Commissioner Goodrich has had a busy season of it, repairing bridges and attending to washouts. Miss Agnes Wallace of Janesville, spent a few days with relatives on the prairie. The first flurry of snow of the season fell Monday morning. It was of good quality, but the weather was too warm for it to stay long. John M. Whitehead, R. J. Bennett and W. A. Jackson, spoke to a crowded house on the political issues of the day, on Thursday evening of last week. Close attention was given, and their doctrine was received with general approval. Twenty pounds of granulated sugar, at Gillies & Jones'. The John Cummings property in the village was sold last week, to Frank Foot, of Janesville, who will take immediate possession. Three sales of real estate in one week would indicate that village property was on the boom. Mr. and Mrs. James Plantz have gone to Appleton, Wis., where they will spend the winter. Will Ferrin will occupy the farm for the coming year.

Rock River News

Rock River, Oct. 20—Daisy Vincent visited friends at Milton Junction a part of last week. We had our first snow storm last Monday. Orlo Vincent is having his house painted, John Smith doing the job. Elder D. K. Davis of Milton, preached at this place last Sunday. Katy Rose, who has been quite ill, is better. Mrs. Oscar Olson of Fontana, is visiting her parents, Mr. and Mrs. S. J. Corliss. Kittie Rose's school at Milton Junction, closed last Friday. Mr. and Mrs. John Johnson have moved onto the old Bowers place.

Spoke to Sound Money Democrats.

Beloit, Wis., Oct. 20—The Beloit democratic sound money club held a meeting in the opera house tonight. It was addressed by L. S. Pease, of Milwaukee and J. VanHecke, of Merrill. There was a large crowd. Mr. Pease presented the financial issues and Mr. VanHecke criticised the Chicago platform.

TILDEN'S MESSAGE TO BRYAN.

While he is looking for democratic

sentiment on the money question,

Mr. Bryan should read Samuel J. Tilden's

letter of acceptance written in

1876.

"Uncertainty is the prolific parent

of mischief in all business," said Mr.

Tilden. "Men do nothing, because

they are unable to make any calcula-

tions on which they may safely rely.

They undertake nothing, because they

fear a loss in everything they would

attempt.

"They wait and hope. The mer-

chant dares not buy for the future

consumption of his customer. The

manufacturer dares not make fabrics

which may not refund his outlay. He

shuts his factory and discharges his

workmen. Capitalists cannot lend on

security they consider unsafe, and

their funds lie almost without inter-

est. Men of enterprise who have

eredit or securities to pledge will not

borrow. The people need to know

that the government is moving in the

direction of ultimate safety and

prosperity, and that it is doing so through

prudent, safe and conservative meth-

ods which will be sure to inflict no new

sacrifice on the business of the coun-

try. Then the inspiration of new life

and well-founded confidence will

hasten the restoring processes of na-

ture and prosperity will begin to re-

turn."

AS WHAT GOES UP.

The extraordinary advance in the

price of wheat, due in great degree to

an enormous increase of exports in

consequence of crop failures abroad,

comes at just the right time to remind

the American farmer that the value of

his products is controlled, not by

financial theories, but by the inexora-

ble law of supply and demand. No-

thing in the whole campaign has so com-

pletely refuted the hypocritical pre-

tenses of dryism as this wholesome

demonstration, by actual business con-

ditions, that prosperity can neither be

made nor unmade by politicians.

The Gazette is charged with pre-

serving Mr. Winans' attitude on the

silver question unfairly. Mr. Winans

was until July 7 a gold man; during

the last two weeks of July he was "en-

dorsing the ticket but spitting on the

platform," and since August he has

been active for free silver. Consider-

ing the difficulty of defending any one

of these positions without discrediting

the others, Mr. Winans would seem

to be acting rather unfairly toward

himself.

The jump in wheat is cited as direct

evidence of the coming triumph of

McKinley, of Bryan, and of Watson.

It all depends on which national

chairman is being interviewed.

Their Conclusions.

Two scientists of the twenty-first cen-

tury were examining with deep interest

a petrified body which had just been dis-

covered.

"It is quite old," said one.

"Yes," replied the other, "but not

more than 150 years, I should say. You

will notice that it has the bicycle face

and the telephone ear. Those pecu-

liarities did not develop until near the

close of the nineteenth century, accord-

ing to the best authorities."—N. Y.

gasped at the joyous prospect of a first

brief. "What can I do for you?"

"A firm which competes with my

house," replied the magnate, firmly, "is

about to bring an action for dam-

ages against me, and I want you to get

them to engage you as their counsel."—

EASTERN STAR WORK AFTER A BANQUET

VISITORS FROM NINE CHAPTERS ARE HERE.

Nearly Two Hundred Will Sit About the Table Spread in Liberty Hall—Exemplification of Degree and Flower Work To Come Later.

Nearly two hundred members of the Order of the Eastern Star will sit about banquet tables this evening and will witness the exemplification of degree work.

Ten chapters were represented in today's gathering. They are those of Evansville, Fort Atkinson, Milton Junction, Stoughton, Beloit, Albany, Monroe, Edge-ton and Janesville.

The afternoon was spent in friendly greetings among visitors. At 4:30 the work was set to begin. Broadhead chapter exemplifies the opening work and a recess will be taken for the banquet which is announced for 6 o'clock.

There will be nothing formal about the banquet. It is not as formidable as it sounds. No programme of toasts has been prepared, further than that short speeches are expected from Grand Worthy Patron Hutchinson of Necedah, and from Grand Worthy Matron Anna Phillips of Mineral Point. Responses will be made by Worthy Patron F. H. Baack, and Worthy Matron Sherwood of the Janesville Chapter.

After the banquet, which will be served in Liberty hall, the work in Masonic hall will be resumed.

Janesville Chapter will expify the initiatory work, Broadhead the floral work, and Evansville Chapter will close.

Parties of Eastern Star delegates have been looking about the city all day, many coming in on early trains.

TELEPHONE CREW HARD AT WORK

Long Distance Line Delayed by a Lack of Wire.

The Wisconsin Telephone company's crew is working toward Janesville from Madison, ruttng up the new long distance line. The line is now complete from Madison to Indian Ford. This new line takes in Edgerton, Stoughton, Oregon and will give Janesville people better service to these points as well as to the Capital city.

Two long distance phones will also be placed in the State School for the Blind. A wire will be run from the school to the "Monterey road" where it will be "cut in" on the main line from the south.

THE revival meetings at the Baptist church, conducted by Miss Stroud-Smith are growing in interest and will be continued through Thursday and Friday at 3 and 7:30 p. m. each day. All are invited.

A LADY representing a New York manufacturer of cloaks will be at Hoffmesters for two days only. The days are Friday and Saturday of this week. The most magnificent of capes and jackets ever shown in Janesville.

A MEETING of the Sinissippi Golf club, will be held at the office of Smith & Pierce at 7:30 sharp Thursday evening. All who are interested in the game are invited to be present. Business of importance will be brought before the meeting.

BLADON & Company, the paper box makers, are loading a fifty-six foot car with boxes for the Cope and Ruer Co., of Jefferson. The boxes are handsome ones, and are a credit to the factory. Manager Bemis says the factory has been working overtime, of late, to catch up with orders.

He was also made a member of the committee to prepare a bill placing police departments under civil service rules to be presented to the next legislature.

CONGRESSMAN COOPER has secured a favorable committee report on a public building for Janesville, which means that a building will go up as soon as there is money in the United States treasury. With a wise republican tariff in force, the money can be had. Hear Mr. Cooper's speech tomorrow night, and then vote for McKinley, Cooper and a public building for Janesville.

JUSTICE PRICHARD IS LAID TO REST

FUNERAL SERVICES WERE HELD THIS AFTERNOON.

Members of the Odd Fellows' Lodges and the Rock County Bar Attended As Organizations—I. O. O. F. Ritual At the Grave—Death Of Mrs. Hadden.

The funeral of the late Moses S. Prichard was held from the family home, 203 Prospect Avenue, at 2 o'clock this afternoon, and was very largely attended. Rev. Arthur H. Barrington, rector of Christ church, conducted the services at the house, and spoke feelingly. The members of the Rock County Bar Association, and the members of the two Odd Fellow lodges attended as organizations, and escorted the funeral cortege. The Odd Fellows had charge of the services at the cemetery, Alderman S. C. Burnham acting as chaplain, and S. B. Kanyon as marshal. The pall bearers were A. K. Curtis, J. M. Bostwick, William Burchell, J. W. Hockdow, Gilbert Everson and E. Carter. The interment was made at Oak Hill.

Mrs. James Hadden.

Mrs. James Hadden, an old resident of Rock County, died at her home at Emerald Grove last evening, after an illness of some weeks duration. Mrs. Hadden was born in Haddingtonshire, Scotland, March 10, 1813, and was therefore eighty-three years of age. Five children survive her, they being James Hadden, Mrs. Christina Clark, William Hadden, Archibald Hadden and Mrs. Anne Harvey of Nebraska. She had been in poor health for some time, but her death was primarily due to inflammation of the lungs. The funeral will be held from the home tomorrow morning at 10 o'clock, and the interment will be made at Milton. Rev. S. G. Huey will conduct the services.

LOCAL CYCLERS TO TURN OUT

Wheelmen Will Ride With the Evansville Club Tomorrow Evening.

All Janesville wheelmen who believe in sound money are requested to turn out tomorrow evening and ride from the depot to the Myers with the Evansville club.

The ride will take but a few moments and all cyclers who can arrange it are earnestly requested to be at the depot at 7 o'clock p. m. Evansville will send sixty men. Janesville ought to turn out a much larger crowd as no inconvenience will be experienced by the local riders. Let it not be said that the city on the "cut off" has more honest money cyclers than Janesville. Do not think that your "neighbors will go," or that "one more or less will make no difference," but go yourself. The parade will not be a republican demonstration, nor a democratic demonstration, but an honest money demonstration. If you ride a wheel—be it boneshaker or not—and believe in a dollar worth a dollar, turn out tomorrow night.

THIRD WARD PAPER THIEF CAUGHT

An End Has Been Put to the Stealing of Gazettes.

Several Third Ward Gazette subscribers have suffered inconvenience of late through the stealing of papers. Gazettes have been taken from the boxes repeatedly and another paper substituted. The thoughtfulness shown in providing a substitute was not appreciated, however and Clerk W. F. Williams of the municipal court mounted guard. Last night he caught the thief in the act of taking a Gazette while slipping another evening paper into the box. Steps were taken today that make a continuance of the trouble very improbable.

The other six, only one of whom could see, made up their minds to walk, and trudged through to Beloit. A rig was sent down for them, after the speech.

First Ten Days of October Show Very Low Temperature.

The coldest weather has been experienced during the first ten days of October since 1876. Old winter is coming on in earnest, it seems, and has sent us an advance sample of what the season will be, or possibly the old frigid freezer is simply getting prepared for the snow slide on November 3.

ELECTION BETS ARE OFFERED.

Money Waits For Takers at the Hotel Myers Office.

All ye who have money to bet on William J. Bryan, make haste to the Hotel Myers with your cash.

Good and lawful currency of the realm reposeth in the safe at that popular hostelry, and bets will be made therewith.

The coin belongs to a commercial traveler who left it at the hotel office to be placed.

The propositions are as follows:

\$100 to \$50 that Bryan is defeated.

\$50 that McKinley will get 40,000 more votes in Wisconsin than Bryan.

\$50 that Bryan will not carry Kansas and Nebraska.

Even money that McKinley will carry Illinois, Indiana, Ohio, Michigan, Pennsylvania, New York, Kentucky, Nebraska, Iowa or Minnesota.

MRS. M'ARTHUR HURT BY A HARD FALL

THROWN FROM A BUGGY NEAR EMERALD GROVE.

She Is Carried to Gillies & Jones' Store and Remains Unconscious For Nearly An Hour—Several Stitches in Her Head Are Found Necessary.

Mrs. Duncan McArthur was thrown from a buggy near Emerald Grove last evening and was badly hurt.

She was driving home from Janesville and her horse took fright at some men who were repairing the road. She was alone in the buggy and could do nothing.

When the buggy upset Mrs. McArthur was thrown clear of the wreck, which probably saved her life. She was carried to Emerald Grove with all possible speed, but it was an hour before she regained consciousness. Dr. James Mills was called and found her severely cut and bruised about the head and shoulders. Several stitches in her face and ears were necessary.

Couldn't See the Point.

Teddy Vanderchump came down to the club the other night with a great problem weighing on his mind. Coming up to the boys he said:

"If I stand on my head the blood all rushes to my head, doesn't it?"

No one ventured to contradict him.

"Now," he continued, triumphantly, "when I stand on my feet, why don't the blood all rush into my feet?"

"Because," replied Hostetter McGinnis, "your feet are not empty."

The boys all laughed, but Vanderchump said he didn't see any joke.—Tit-Bits.

BUTTONS AND BOLEROS.

Works of Art Are the Former and Costly as Jewels.

Still the topic of buttons comes uppermost. Buttons are at present one of the most important details of the toilet. They are worn on coats, capes, wraps, suits, bodices and even skirts. No expense is spared to make them effective and beautiful. Designs of the Louis Seize period are carefully imitated and are genuine works of art. There are miniatures, enamels, combinations of gold and silver, incrustations of steel on pearl and ivory, artificial jewels of all kinds in all varieties of setting. Buttons of this costly kind are a charming finish for vest or corselet and give a fashionable effect to the entire costume.

It is difficult to describe all the forms which the ubiquitous bolero assumes. Most often it is square and fitted at the back like a bodice, showing the belt only occasionally as the wearer moves. Its other names are figaro, Spanish jacket, oriental or Circassian vest, but in all cases it is practically the same abbreviated, close garment. The largest—that is, those reaching to the waist line—are of cloth, velvet or

OUT OF DOOR COSTUME.

woolen material, like the gown. They are trimmed with soutache, motifs of velvet and lace and perhaps revers or a collar of fur. The short bolero, terminating far above the belt, is made entirely of fur, of embroidered cloth or of velvet entirely covered with ornamentation. Its cut must be perfect, for it must fit like a cuirass in order to have a good effect, and a wrinkle spoils it. These boleros are worn with light bodices or chemisettes, but the costume is more elegant when the bolero and the gown are of the same color, although they need not be of the same material.

The princess costume illustrated is of gray corkscrew. The front forms a plastron and is cut in one with the tabs that form the sleeve caps. The plastron and sleeve caps are outlined with black silk cord and bordered with a double ruffle of black mousseline de soie. The turned over points of the collar are of black satin, as are the cuffs of the close gray sleeves. The gray felt hat is trimmed with mauve velvet and white and black plumes.

FASHIONABLE FABRICS.

Bright Colors Now In Vogue—Gay Plaids and Ottoman Silks.

Boucle goods and materials having such long surface hairs that they resemble soft and silky furs are enjoying great favor with the novelty mongers, the fibers being often of a different color or shade from the ground.

A great many checks, small, medium and large, are seen, remarkable for their coloring, which is very bright and varied. There are also ottomans, silky and flowered, heavy goods with running designs, zibelines of extreme lightness and softness and corkscrews in many tones with an almost imperceptible fine rib. Large plaids with long hairs, forming a shaggy surface, compose some very rich costumes. These heavy, hairy materials are always costly, whether plaided or self colored. Other very brilliant plaids are employed for trimmings or for blouses, clear, frank colors suiting the present prevailing taste, but few entire costumes are made in such lively tints. Nevertheless there is a great change from former years, when fade

TAFFETA GOWN.

tones were exclusive favorites and brownish greens, grayish pinks and slaty blues and purples were the brightest shades permissible. Red, crimson, rose and yellow were abhorred as vulgar, and only subtle modifications of the other colors were allowed.

Broche and figured silks in large designs, brocades, lampas, flowered damas and all such rich fabrics are very much in evidence for demitoe. Under the universal bolero are worn gumples of fine and brilliant embroidery, and corselets are covered with gold, silver and spangled work of great elaboration.

The sketch given today shows a costume the skirt of which is of pink taffeta. It is trimmed around the foot with a flowered taffeta ribbon laid on flat and bordered on both edges with a narrow, full ruffle of mousseline de soie. The blouse bodice of mousseline is striped with lengthwise bands of flowered ribbon, which terminate at the waist in loops, forming a basque. The wrinkled sleeves of mousseline terminate at the elbow in a full ruffle of mousseline and have a puff of mousseline and ribbon bands at the top.

TAILOR MADE GOWNS.

Black and Colored Cloth For Winter Dresses—Collars and Ruches.

The tailor made style of gown is considerably modified from the original type, at least in the French models, to which sovereign material and a stitched or strapped finish are quite enough to warrant the title. Otherwise they follow nearly all the freaks of the mode, as English tailor made costumes never do.

Cloth is to be exceedingly fashionable this winter both in black and colors. Black cloth skirts will be particularly in evidence, as the fashion of the differing skirt and bodice has by no means disappeared, as some modistes would have it understood. Blouses are little worn, however, coats and boleros having now the preference.

The combination of different whites—snow, cream, oyster and biscuit, with yellow tones also—is much fancied by French taste. Marie Bashkirtseff, the little Russian artist who lived most of her short life in France, exults over such a combination in one of the last entries in her famous journal. Practically, however,

TRAVELING COSTUME.

the tinted whites are often colors, and one might more truthfully say that white was wedded to pale gray or pale yellow than that two whites were placed together.

The collar of dress goods, silk or satin, coming close against the neck, with no intervening modification, is rapidly approaching the end of its reign. Linen collars and lace or mousseline frills in white or cream have returned to favor, and truly they do look daintier and fresher than the colored neck finishings so long worn. It takes a very white and pretty neck to bear well the sudden contrast of the dark collar, and even then a white or pale intermediate frill is more pleasing and delicate if less striking.

Today's illustration shows a traveling costume of blue cloth. The skirt opens on the left side, where it is ornamented with motifs of black embroidery and a lengthwise, stitched bias band. The straight sack also opens on the left side and is similarly adorned. The bias sleeve is trimmed at the wrist with a motif of embroidery and two stitched bands. The high, rolling collar is faced with black velvet and edged with white cloth.

ancient order of Augustinians. He is a very learned man, speaks English readily and has had a varied international experience. Father Martinelli is an Italian, born in Tuscany, Aug. 26, 1848. He is the youngest of five children, of whom the late Cardinal Martinelli was the eldest. Another brother, Father Aurelius Martinelli, is an Augustinian friar and director general of the Pius union. America will not be wholly new to Father Martinelli, for in the summer of 1894 he spent six weeks here visiting the chapter houses of the order and presiding at the chapter convened at Villa Nova college.

but little attention, is one of the foremost French statesmen of the day and is quite likely to be the next president of France. He has an American wife and is much interested in the United States. For more than 15 years M. Ribot has been in the very center of the turmoil of French politics, and he is now enjoying what is probably a most grateful breathing spell.

mander of this first floating post is Captain Crapo, a tarry old New Bedford whaling master. Captain Crapo has not always been a religious enthusiast. Far from it. He has been, as he himself admits, a bad, bad man in his day, even for a sailor. But a short time ago his ship was wrecked off Cape Hatteras, and while struggling for life, as he clung to the keel of a capsized yawl-boat, he "got religion." When he got ashore, he went straight away and joined the Volunteers.

THE workman often eats his lunch on the same bench where he does his work. The office man turns his desk into a dining-table. Neither gets the out of doors exercise he needs, neither takes the proper time for eating. It is small wonder that the digestion of both gets out of order. In such cases Dr. Pierce's Pleasant Pellets come to their assistance by aiding nature in taking care of the food. The cause of nine-tenths of the sickness of the world is constipation. From this one cause come indigestion; disorders of the stomach, liver and kidneys; biliousness, headaches, flatulence, heartburn, impurity of the blood and the serious complications that follow. To begin with, constipation is a little thing, and a little thing will cure it. The "Pleasant Pellets" are tiny, sugar-coated granules. They will perfectly cure the worst cases of constipation and indigestion. If the druggist tries to sell you some other pill that pays him greater profit, just think of what will best pay you.

Eckels Speaks at Champaign, Ill. Champaign, Ill., Oct. 21.—An audience of 1,500 heard a speech in the opera house Tuesday evening from James H. Eckels, comptroller of the currency. His argument was mainly designed to show that all attempts to secure a bimetallic currency had been failures. He said commerce had determined the position of silver as money beyond the power of legislators to change it.

Tanner Speaks in Moline. Moline, Ill., Oct. 21.—John R. Tanner spoke to 1,200 men at the Auditorium Tuesday. He criticized the administration of Gov. Altgeld. After speaking in Rock Island he returned to Moline and briefly addressed an audience of Swedish-Americans, to whom Dr. C. A. Swensson of Lindsborg, Kan., had previously spoken in Swedish.

Joliet Listens to Thomas B. Reed. Joliet, Ill., Oct. 21.—Thomas B. Reed spoke three-quarters of an hour Tuesday to 16,000 persons. At night a torchlight procession covering five miles was had, delegations from fifty miles distant participating.

American University Meeting. Washington, Oct. 21.—The board of trustees of the American university held its annual meeting here Tuesday night. The reports of Bishop Hurst, chancellor, and Rev. Samuel L. Beller, vice chancellor, were read. Matthew G. Emery, treasurer, reported that the receipts during the last five years had been in cash \$280,000. Of this amount there is \$26,000 cash on hand, besides assets consisting of property, other than money. Bishop Hurst reported that the fund being raised by clergymen to erect the Asbury memorial hall at the university had received pledges of \$100,000, \$22,000 of which had been paid in.

the Wreck of a Vessel. Sandusky, C., Oct. 21.—Intelligence has reached this city from Locust point that a vessel foundered in the lake off that point some time last week. Last Thursday, as Capt. Cleaves and a crew of fishermen were nearing their grounds, they noticed a lot of wreckage. On going to it they found that a vessel had been sunk, and the captain is of the opinion that it was a steamer. There was nothing in sight by which the name of the boat could be ascertained, and no information has been received from any source that a boat has been lost, but it is certain that a vessel has gone down at that point, and undoubtedly with all on board.

Custom-House Employees Organize. Washington, Oct. 21.—About twenty delegates, representing generally beneficial associations of civil service employees at the customs-houses at eleven ports of the United States, are in the city for the purpose of forming a national organization. The gathering is the result of a call by way of suggestion sent out by J. E. Clayton, president of the association formed among the employees of the New Orleans customs-house. Mr. Clayton's idea is that the association should be chiefly benevolent and he says there is no political object involved in it.

Mills Resume Operations. Grand Rapids, Mich., Oct. 21.—The Berkey & Gay Furniture factory, the largest in the world, resumed operations Tuesday, after a period of enforced idleness during the business depression. Although all the men are not taken back at once, they will be put on gradually.
